# WORKSHOP IS ALL ABOUT EFFICIENCY: HOW TO OPTIMIZE YOUR WASTEWATER TREATMENT PROCESS

---

## INVITATION

On behalf of the **Water Technology Alliance** in collaboration with **East Bay Dischargers Authority**, we would like to invite you to a workshop on **March 29, 2023** from **9.30 am – 2 pm PST** at **Oro Loma Sanitary District, 2655 Grant Ave. San Lorenzo.**

We have invited some of our partners from the Danish wastewater sector to discuss the theme *optimization of the wastewater treatment* with you and a handpicked group of your peers in the industry.

## PROGRAM FOR THE WORKSHOP

- **9.30 – 10.00 am: Coffee and networking**
- **10.00 – 11.15 am: Presentations**
  - Welcome and introduction by East Bay Dischargers Authority (15 mins)
  - The Danish Water Story by Sofie Thorgaard, Denmark's Water Technology Alliance (10 mins)
  - Experiences from a Danish Utility by Aarhus Vand (15 mins)
  - Danish perspectives:
    - DHI (7 mins)
    - Grundfos (7 mins)
    - Landia (7 mins)
    - SulfiLogger (7 mins)
- **11.15 – 12.15 pm: Panel discussion and Q&A**
  - Moderated by Sofie Thorgaard
- **12.15 – 1.00 pm: Sandwiches and networking**
- **1.00 – 2.00 pm: Roundtable discussions**

## RSVP

Please let us know if you are able to participate in the workshop by sending an email with name, title and organization to Sofie Thorgaard: [sofith@um.dk](mailto:sofith@um.dk) before March 13, 2023.

*Please be aware photography and video recording will take place during the event. The Water Technology Alliance of Denmark may use these on various media channels. Please let us know if you do not want to be included.*
