INVITATION

**PCBs TMDL Implementation Round Table
Tuesday, October 31 2006 from 9:30 am to 12:30 pm
Elihu Harris State Building, Room 2**

Dear PCB TMDL Stakeholder and Interested Parties:

The Clean Estuary Partnership, on behalf of the Water Board, invites you to attend and participate in a round table discussion. This meeting will focus on TMDL implementation actions. The Water Board will soon be releasing a proposed Basin Plan amendment to establish a PCBs TMDL, including an implementation plan. The Water Board is interested in gathering stakeholder input on implementation actions.

PURPOSE OF THE ROUND TABLE DISCUSSION

The purpose of this round table meeting is to create an opportunity for stakeholders to:

- Present their views related to PCBs TMDL implementation actions. We particularly invite stakeholders to provide specific implementation actions and/or ideas, and associated opportunities and constraints; and
- Hear the concerns and underlying interests of other parties.

MEETING PARTICIPATION AND PREPARATION

We will distribute a meeting agenda and supporting materials prior to the meeting. In the meantime, we ask that you confirm by Thursday, October 12th, whether you will attend the meeting and your willingness to participate in the discussion.

We look forward to having you participate in this important effort. If you have any questions, please feel free to contact Paul Salop by phone at 925.373.7142 or by email at (salop@amarine.com)
