Q7 Do you have any suggestions for improving the BACWA website?

It's a matter of balancing sensitive information versus sharing. I think meeting presentations and discussion summaries are helpful but not in the minutes format. Bulletin is most valuable

Q8 How can BACWA encourage participation by Associate & Affiliate Members?

Have specific site visits by region with key BACWA staff to get regional players and Plant managers together for issues perhaps. Agencies with staff capacity or issues that impact them I believe already participate well

Q5 Do you have any suggestions for improving Committee or Executive Board Meetings?

Since I'm typically too busy to attend BACWA Committee meetings, it would be helpful if the minutes for those meetings came out promptly after the Committee meeting, rather than (much later) in time for the BACWA Board packet. Often times, deadlines for Committee action items have passed by that time.

It would be great if Executive Board meetings were held on Monday - Thursday. Also, for Permits Committee and Executive Board meetings, it would be good to have a meeting space other than the library at EBMUD's treatment plant. That room is cramped and has no cellular data reception nor WiFi available.

Q8 How can BACWA encourage participation by Associate & Affiliate Members?

I imagine its hard for smaller agencies to attend so many committee meetings. Maybe a committee for smaller agencies that covers all relevant topics (e.g Air, Biosolids, Permits, etc.) supported by BACWA staff would be helpful to them.

More educational opportunities / seminars

Q11 Over the last 2 years has BACWA taken a direction or position that you have been dissatisfied with?

Yes, but nothing major. It is a challenge to please everyone and BACWA should continue to pursue the greatest help for the greatest number of agencies and not get caught up in peoples personal crusades.
